RICHMOND

Get Busy

Richmond is the Only Club in the League Not on the Hustle.

Although the Directors of the Richmond Base Ball Association say there is sure to be a good team representing this city in the Bluegrass league this season yet there has been practically nothing done towards making such preliminary move as is customary at this time of the year.

All the other teams of the league, especially Maysville and Paris, are on the hustle for new material and have about decided upon their list of players. Both of these cities will make the strongest fight in their history of base ball to land the pennant this year. There is some little lull in the business end of the association, which has caused delay, but that is sure to be fixed up within the next few days, according to those who are at the head of the association. One thing sure, Richmond will have a team and one that will be composed of good players.

At a meeting held several days ago in Lexington the Directors of the league decided upon a double season of 120 games, 60 games to each section. The season is to open May 9th and close September 4th, the first season ending on July 5th.

In the event that one club does not stand best at the end of both seasons the two leading teams will be regarded as pennant winners and the championship honors. The 120 games will be played in 118 days. Opening games and those on holidays will be pooled. President Ussery will arrange the schedule during this month and submit it to the Directors about March 1 for ratification. The season was entirely harmonious and the outlook for a successful season is bright.

Croup Conquered

Every Mother Should Read and Remember This

In any home where a child has a tendency to croup, a bottle of Hyomei (pronounce it High-o-me) should be kept constantly on hand.

A sudden attack of croup with difficult breathing and extreme distress is apt to come on at any time.

The course to be pursued is plain. Send for your doctor at once, and in the meantime drop 30 drops of Hyomei into a bowl of boiling water and hold the child's head over it, cover with a towel or cloth, so that only the air filled with Hyomei vapor is breathed.

This method of treatment has saved many a child's life, and mothers of

croupy children should see to it that Hyomei is always on hand. Full instructions for prompt relief of croup is in each package.

A 50c bottle of Hyomei is all you need in treating croup. This is known to all drug stores as Extra Bottle Hyomei Inhalant. R. L. Middleton and druggists everywhere sell it. It is guaranteed to cure catarrh, croup, sore throat, bronchitis, coughs and colds, or money back.

WEDNESDAY FEB. 15 - 1911

The local option election in this city will be held on March 3rd, a little more than two weeks off. An active campaign is now on. The Climax, with its entire force, has always espoused the cause of good morals and good citizenship. In the issue now before our people we are taking stronger grounds, if possible, than ever before. We want no doubts to remain in the mind of anyone as to our position. We expect, as a paper and as individuals, to do all in our power to further the cause of "no saloon" regime. The writer has been a citizen of Richmond for thirty-five years. He is acquainted with the conditions under "open saloon" and also under "no saloon" regime. He has seen the time when it was dangerous for women and children to appear on their front porches or their front yards, much less on the public streets, on days when crowds of men were leaving town for their homes in the country. Again we have seen women and children taking pleasure walks on our streets in the evening with perfect safety.

Comparing the condition of affairs under "open saloon" with conditions under "no saloon" we have strong convictions as to which is best for the town. Personally, and we might say selfishly, we have no interest save that of good citizenship in the outcome of the election, having no boys to become drunkards and no girls to have drunken husbands. Our interest is solely that of good citizenship, good of our town, good of the boys and girls of our neighbors. To our mind there can be no argument in favor of "open saloon," but at the same time we accord to others the same right which we reserve to ourselves, to think for themselves, to express their opinions and to vote their sentiments.

When open saloons were in Richmond there was a splendid business house on First street offered for sale at \$2,000. It was on the market for several months with not an offer at any price. After saloons went out this same piece of property was quickly bought at \$2,500, an advance of 25 per cent. More recently one of our citizens had a dwelling house vacant in eastern part of town. Within a few days he had 25 applications for it. The large business house on Main street, recently built by Mr. Bert Gibson, was eagerly sought for. He had eight applications for it long before it was completed. Does this look like "no saloons" has killed the town, as some of our good friends among the whiskey men predicted and are still trying to make us believe?

One of the oldest lawyers in Richmond, a man who has practiced law for 50 years or more and who has been the lawyer either defending or prosecuting in as many or probably more murder cases than any other man in the state of Kentucky recently made the statement in a public speech that in all of his practice there were but two cases in his whole experience in which whiskey did not figure and that in a large majority of the cases it was the direct cause of the killings. Now Mr. Law Abiding Citizen, you who honestly believe in "open saloons" (and we give you credit for being just as honest in your opinion as we are in ours) what have you to say? Are you not in a measure of least responsible for this state of affairs? Be honest with yourself and answer.

DR. CARRIE and other officials of the Normal School are constantly in receipt of letters from all over the state asking if there are open saloons in Richmond. They conclude their letters by saying if liquor is sold in Richmond they will not send their daughters and sons here to school. The eyes of the entire state are upon us to show we are going to vote an important factor in the building up of our state, Normal School and of our Madison Female College, as well as our splendid High Schools.

The delinquent tax list as published in The Climax last week, was the smallest in the history of this county, of at least within the memory of the oldest inhabitants. An examination of the records show that under "no saloon" regime the delinquent tax list has grown smaller each year. There is a reason. Can't be that "no saloon" has anything to do with it?

WELL maybe Ben Johnson gave the true reason why he withdrew from the race for Governor but he will have a hard time convincing the people that he really thought so. He was bested any way he looked at it. At Frankfort when Judge Benton was holding a special term of court, the petit jury took a vote on the race and all twelve voted for McCreary. The Fish jury at Nicholasville week before last, also voted with the jury room and all voted for McCreary. This was before Johnson had withdrawn.

AFTER six years of patiently waiting, hoping, believing, worrying, the Danville people are occupying their Federal building. Uncle Sam sure takes his own time when it comes to matters of this sort. Even at that it lacks the architectural beauty of the one here.

CANDIDATES for state officers, who invade this county might do well to have their ears pricked. Hand the printer a little job, it might get a few votes.

How FRUSTRATED all this talk about Owsley Stanley, Will Young and W. O. Head running against McCreary for the nomination. It is to laugh.

loon because the state has given us an institution where a thousand young people come every year, modestly from homes and communities where the saloon is unknown, for education and character building. We owe it to them, their teachers and ourselves, to throw about them every influence for their good, and to remedy, so far as possible, every demoralizing agency.

Because as a voter, I am constituted a guardian, have placed in my keeping, and am responsible for the protection and promotion of the home interests of wives, mothers, helpless and innocent children, and am responsible for the safeguarding of the morals and religion of the community. I am a monster if I am untrue to my sacred trust in helping to establish, by my vote, a deadly enemy to them all.

Because Richmond is a center of influence for good or evil for the whole county, and the call comes up, loud and strong, from every peace-loving and unprejudiced home and community, "save us from the awful work of the saloon." They have a right to make it shame on us if we do not hear and heed it.

Because the majority of those who petition for the prohibition of the sale of spirits, vinous or malt liquors in the City of Richmond, Ky., shall permit any infant to loiter in his place of business.

Sixth.—No person engaged in the sale of spirits, vinous or malt liquors in the City of Richmond, Ky., shall sell, directly or indirectly, any spirits, vinous or malt liquors to an infant, person of unsound mind, idiot, or imbecile.

Eleventh.—Any person engaged in the sale of spirits, vinous or malt liquors in the City of Richmond, Ky., who shall violate the provisions of this ordinance shall be punished by a fine of not less than ten dollars nor more than one hundred dollars. Upon the conviction of any person for a violation of the Sunday law, the license granted to such person to sell spirits, vinous or malt liquors in the City of Richmond, Ky., shall be at once revoked, and such person shall not again be granted a license to engage in the sale of spirits, vinous or malt liquors in the City of Richmond, Ky. **Convertible, Gold Bonds.**  
They are in denominations of \$100.00, \$500.00 and \$1,000.00. The Preferred Stock is in shares of \$100.00 each, and can be issued only in exchange for the bonds.

The officers of the company state that in making this bond issue the company adopted a financial plan sufficient to meet the future growth of the city and the company's business; that the Improvement and Extension Bonds will be issued from time to time in the future, under carefully guarded restrictions, for permanent improvements and betterments to the plant, thus enabling the company to keep the plant equipped with the most modern machinery, of sufficient capacity to serve the city economically and well. They say that the company's business in Richmond is growing and that the plant at present is carrying its maximum capacity.

In conversation with Representative L. B. Herrington, who is President of the Company and J. H. Dean, Secretary and Treasurer, the Climax was told that the new bonds would be offered by the Trust Company for local subscription, an investment in which many local capitalists will no doubt take advantage of immediately.

### Hot For McCreary.

The Lexington Herald says: "Col. John S. May, of Somerset, who was a lieutenant in the Sixth Kentucky Cavalry under Col. Grigsby, which was a part of Gen. Morgan's command, was a caller at the Herald office yesterday. Col. W. C. P. Breckinridge commanded the brigade in which Col. May's regiment was attached, and Col. May had a great admiration for him as a soldier and a gentleman. Col. May's popularity in Putnam is shown by the fact that although it is a strong Republican county, it always elects him when he ran for office, though a dyed-in-the-wool Democrat. 'I want you to say,' he remarked, 'that I am for McCreary for Governor and that my county is almost solid for him. If nominated, I believe he will get at least 400 Republican votes in Putnam in addition to those of the Democrats.'"

## New Bond Issue

Richmond Electric Company Files Deed of Trust With County Clerk.

The Richmond Electric & Power Company filed a deed of trust with the County Clerk of Madison county last Wednesday to the United States Trust Company, of Louisville, which provides for a new bond issue of the Electric Company, a step that means much to this city and its future.

The Indenture specifies that \$30,000.00 of bonds are to be issued and sold immediately for the purpose of refunding the company's old bond issue and other indebtedness; and \$200,00.00 worth of bonds are placed with the Trust Company in escrow to be used for future extensions and improvements to the plant, and for no other purpose. All the bonds bear 6 per cent. interest and may be converted into the Non-taxable Preferred Stock of the company which bears 7 per cent. per annum payable quarterly. There is a sinking fund provision which requires the payment by the Electric Company to the Trust Company, in addition to the interest on the bonds, of two per cent. per annum on all outstanding bonds, and the sinking fund thus created is to be invested in the company's bonds at not more than 105. The company has the right to call the bonds after the year 1912 at 105 and interest, and the preferred stock at 110 and accumulated dividends.

The bonds are designated as the Refunding, Mortgage, 6 per cent. Sinking Fund,

The Man who invented the hinged collar button and got rich by it, saw a good thing that had been within six inches of millions of men's eyes for fifty years.

A young chap came into the store Saturday—wished to know the minute he got inside whether he had such a suit that was in the window on Monday. No it was not—I knew it," he said "a friend of mine has it on."

"I've admired that suit in the window two or three times but I'll be giggled if I thought it could be bought for the price he told me he paid." "Got anything like it?" "Why don't you put prices on them in the window?" "Who made the suit anyway?"

A Little Care Will Save Many Richmond Readers Future Trouble.

Watch the kidney secretions. See that they have the amber hue of health. The discharges not excessive or infrequent. Contains no "brick-dust like" sediment. Doan's Kidney Pills will do this for you.

They watch the kidneys and cure them when they're sick. Mrs. R. F. Walter, Hill street, Lancaster, Ky., says: "I never fail to praise Doan's Kidney Pills when I have the opportunity. I have never been without a supply of this remedy in the house for years and whenever my back becomes lame and painful, a few doses always brings prompt relief. For some time I suffered from kidney trouble. The kidney secretions were too frequent in passage and from this I knew that my kidneys were disordered. At that time it was my good fortune to hear of Doan's Kidney Pills and through their use my kidneys were restored to a normal condition."

For sale by all dealers. Price 50 cents. Foster-McIlhenny Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Turner Lucky.

Rev. H. G. Turner, pastor of the Centenary Methodist church, at Shelbyville received a letter from Andrew Carnegie in which the iron master agrees to donate \$875 for the purchase of a pipe organ for the church if a like amount is raised by the congregation before April 1, when the offer will be withdrawn. The congregation is elated over the offer and expects to experience no trouble in raising the necessary funds. The church expects to buy an organ costing \$2,075. Rev. Turner was formerly pastor of the Methodist church here and will be remembered by many friends. He owns several houses and lots in Richmond.

**To Raise Flax**

In Madison Would Bring More Money at Present Than Tobacco Crop.

Several prominent farmers of Madison county have been discussing the probability of raising flax which at present is one of the highest priced crops on the market and the supply in the United States is rapidly falling off. In the north western part of this country it has heretofore been harvested in immense quantities, enough to keep the price of linseed oil and other important uses to which it is put, within the reach of all. But it takes such land to produce it and besides the western farmers are gradually cutting out this crop, until the supply has fallen off so tremendously, it has forced linseed oil up to \$1.25 per gallon. Madison county people are now paying this price for linseed oil and of course paint must necessarily be forced up to an almost prohibitive price. The flax for the past eight or ten years has been produced by the United States and is therefore way up in price when it reaches the consumer. It would be extremely profitable as a crop and for many years to come it could be grown in Madison county in stead of tobacco. It is claimed that it is very hardy and requires but little trouble to grow a crop.
